REPORT.

OREGON STATE LIBRARY,
SALEM, OREGON, January 1, 1895.

To the Honorable Senate and House of Representatives of the State of Oregon —

GENTLEMEN: I have the honor to submit the report of this department, by law required, together with such suggestions as seem necessary to place the wants before your honorable body.

At the regular session of 1893, $5,000 for the purchase of books and $500 to meet the incidental expenses of the Library were appropriated. The Book Fund has been used chiefly under the advice of the Justices of the Supreme Court for the purchase of such books as they saw proper, chiefly English Reports, to complete partial sets now in the Library. Also the current reports of the Courts of Last Resort of Ireland and the Dominion of Canada, legal text-books, law magazines, etc., digests, codes, and statutes of the several States and Territories.

All expenses of the State Library have been audited by Hon. Geo. W. McBride, Secretary of State and *ex-officio* Superintendent, and the two separate funds disbursed by him in the interest of the same.

BOOKCASES.

There are several hundred volumes of books now in the Library which are stacked on the tables and floor of the Library for want of bookcases. I would therefore request that there be sufficient funds appropriated to purchase two bookcases for the next two years.

Most respectfully.

J. B. PUTNAM,
State Librarian.

SUMMARY.

	Volumes.
Number of volumes reported by catalogue of 1893	18,236
Number of volumes received since January, 1893	1,534
Total number now in library	19,770

P. S.—There should also be added 330 volumes of English Reports, ordered of the Boston Book Company of Boston, Massachusetts, which are due but have not arrived yet. However, I have catalogued them in their proper place, and adding the same to 19,770, would make a total of 20,100 volumes in the library.

BIENNIAL REPORT

BIENNIAL REPORT

OF THE

STATE LIBRARIAN

TO THE

LEGISLATIVE ASSEMBLY.

TWELFTH REGULAR SESSION—1882.

SALEM, OREGON:
W. H. ODELL, STATE PRINTER.
1882.

REPORT.

STATE LIBRARY, SALEM, OREGON, September, 1882.

To the Honorable, the Senate and House of Representatives of the State of Oregon:

Pursuant to the requirements of law, I have the honor to submit the following biennial report of this department of the public service.

CONDITION OF THE LIBRARY.

At the beginning of my term of office there was, as reported by my predecessor, in the Library 9,283 volumes; I have received, during my term of office, 979, making a total of 10,262 volumes now in the Library.

It has been my endeavor to keep the books in an orderly manner, but as the room now used was originally intended for the Supreme Court, it is poorly adapted for the State Library, and it has been impossible to keep all in proper order. There are now piled up in unfinished rooms about 2,000 volumes of miscellaneous books.

The Library is composed almost entirely of law books and public documents; there are but few books of general literature. The law library is not nearly complete; all the published text-books are not on its shelves; the sets of State Reports are not full; nor is there an English Report to be found in the Library. Many of the newspapers of the State are sent to the Library free.

INCIDENTAL EXPENSES.

The incidental expenses of the Library have been kept up by Hon. R. P. Earhart, Secretary of State and *ex officio* State Librarian. For a statement of which expense, I refer you to the Report of the Secretary of State.

CONCLUDING REMARKS.

It will require at least $10,000 to place our Library among the respectable State and Supreme Court libraries of the United States, and, in conclusion, I beg leave to recommend that an appropriation of at least $5,000 be made during the present session.

The foregoing is most respectfully submitted.

WILL M. LYLE,
State Librarian.

REPORT.

OREGON STATE LIBRARY,
SALEM, OREGON, January 1, 1889.

To the Honorable Senate and House of Representatives of the State of Oregon:

GENTLEMEN—I have the honor to submit the report of this department, together with such suggestions as seem necessary to place its wants before your honorable body.

At the regular session in 1887 $5000 for the purchase of books and $400 to meet the incidental expenses were appropriated. I at once selected a list of the State reports of the several States and the Federal circuit courts, of which the library was deficient, and sent to several of the leading law-book dealers for prices, selecting the cheapest of the several lists. I have almost completed the deficiencies at very favorable prices, considering the scarcity of these reports. There are a few States yet to complete, but have given a list to several book dealers to fill at their first opportunity if prices are reasonable.

I have also purchased, by the advice of the Supreme Judges, about 200 volumes of legal text-books and 440 volumes of English reports. This, with others, such as law journals, law reporters and a standing subscription for American decisions, American and English railroad cases, American and English corporation cases and Federal decisions, have exhausted the appropriation.

All expenses of the library have been audited by Hon. George W. McBride, Secretary of State and ex-officio Superintendent, and the two separate funds disbursed by him in the interest of the same.

PERMANENT SHELVING.

The library is in need of permanent shelving. As we are in permanent quarters I think it is of the greatest importance that

there be a uniform system of shelving arranged in avenues or alcoves, that the Librarian can readily reach any book without the aid of a ladder.

I also suggest that there be an oil carpet used instead of the present one, in order to keep the room free from dust.

Very respectfully yours,

J. B. PUTNAM,
State Librarian.

REPORT.

OREGON STATE LIBRARY,
SALEM, January 1, 1891.

To the Honorable Senate and House of Representatives of the State of of Oregon:

GENTLEMEN: I have the honor to submit the report of this department together with such suggestions as seem necessary to place its wants before your honorable body.

At the regular session of 1889 $3,000 for the purchase of books and $400 to meet the incidental expenses were appropriated. The book fund has been used under the advise and consent of the judges of the supreme court for the purpose of such books as they seen proper, principal for legal text-books, broken sets of State reports of the several states and territories, United States circuit and district courts, also quite a number of English reports. All expenses of the State library have been audited by Hon. Geo. W. McBride, Secretary of State and *ex-officio* superintendent, of the two separate funds disbursed by him in the interests of the same.

The library has at last been thoroughly overhauled from floor to ceiling; books and old cases were removed from the walls and the walls and ceiling frescoed in the most modern style. New cases have been added, thirteen in number, and something that the State can well be proud of, made of Oregon oak, hand carved, placed at right angles from the wall with sufficient space to pass between cases and walls with table room between cases. I will also state here that we lack some three or four cases of having enough to shelve all the books. The Secretary of State informed me that he used all the funds that he dare that was appropriated for the sewerage, library and other improvements about the building. The thirteen cases were supposed to be sufficient when the contract was let, but lacked about the number above mentioned. As the library has now a uniform style of cases, your honorable body can readily see what the needs of the library will be, as the books accumulate from year to year.

Most respectfully yours,

J. B. PUTNAM,
State Librarian.

REPORT.

OREGON STATE LIBRARY,
SALEM, OREGON, January 1, 1893.

To the Honorable Senate and House of Representatives of the State of Oregon—

GENTLEMEN: I have the honor to submit the report of this department, together with such suggestions as seem necessary to place its wants before your honorable body.

At the regular session of 1891 $5,000 for the purchase of books and $500 to meet the incidental expenses of the Library were appropriated. The Book Fund has been used, under the advice of the Justices of the Supreme Court, for the purchase of such books as they saw proper, such as legal text books, digests, codes and statutes, Federal and State reports, also several sets of English reports, both ancient and modern.

All expenses of the State Library have been audited by Hon. Geo. W. McBride, Secretary of State and *ex-officio* Superintendent, and the two separate funds disbursed by him in the interest of the same.

Three bookcases have been added to the Library this year, sufficient, I think, to answer for the next two years. I will state here that there are but two fixtures that the Library is lacking in, and they are, first, light, and second, linoleum carpets, such as are used in the rotunda. The latter would enable us to keep the room free from dust, and there would be less noise, which are two very essential matters for the comfort of a public library.

Yours most respectfully,

J. B. PUTNAM,
State Librarian.
